Safety Promotes Profitability

Achieving growth and profitability in today's competitive environment requires much more than the right product or service. You must also operate efficiently, and that means operating safely. Injuries to your employees or to the public, including vehicle accidents, slips and falls, fires and other losses can result in immediate expenses that potentially affect your bottom line. You may also incur hidden costs in the form of lost productivity, reputational risk and missed market opportunities.

Benefit of an Intact Insurance Solution

Our risk control specialists are dedicated to serving the financial services industry. Our deep experience includes worker safety, fleet accident prevention, public liability assessments, fire prevention and property conservation along with a host of other loss control areas.

Customized Risk Solutions

It's simple. We're here to help you compete successfully by making your operations safer. Our team of risk control specialists also provides customized analysis of the unique risks affecting your organization. We start with an effective service plan that includes a detailed review of your personnel, materials, equipment, technology and culture of safety. We work with you to learn about your business so that we can recommend and assist you with making the right improvements.

As a policyholder, you will have access to discounted resources including:

- High-quality safety training videos from CLMI
- Comprehensive background check services and employment screening solutions from IntelliCorp

Services When You Need It Most

Your dedicated Intact Financial Services' account coordinator can develop and monitor an appropriate service plan while facilitating risk control services for your company. Empowered to make decisions locally, your account coordinator is your go-to person for all of your Intact Insurance risk control services.

Our service approach can also offer a documented annual report including:

- Risk control services provided
- Progress on our agreed-upon goals and objectives
- Status of our recommendations
- Loss analysis from a loss-prevention perspective
- Future service effort proposals
