

Excess Social Engineering Fraud Coverage

Crime & Fidelity Insurance from Intact Insurance

A rise in email and internet scams has resulted in increased demand for market fraud coverage.

Additional capacity can be difficult to find as most carriers are only able to provide a sublimit for social engineering fraud claims.

Excess social engineering policies from Intact can help meet your client's needs with creative solutions for the coverage that they need most.

We have the ability to provide excess and higher limits over crime or cyber policies for social engineering fraud claims only.

Excess social engineering by the numbers

This material is intended as a general description of certain types of insurance coverages and services. Coverages and availability vary by state; exclusions and deductibles may apply. Please refer to your insurance policy or consult with your independent insurance advisor for specific information about coverages, terms and conditions. Some coverage may be written by a surplus lines insurer through a licensed surplus lines broker. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
