

Intact Technology

DriverCheck: Telematics Available for Intact Technology Customers

Where innovation meets experience to solve your technology risk management needs. Working with Intact Technology means you can rely on an exceptionally responsive team that is highly knowledgeable about the dynamic technology industry. We don't just know tech, we're passionate about it and those who share our focus. Because of our flat organization, you will always reach an empowered decision-maker who can promptly solve your risk management needs.

Our risk management services are built to deliver high-quality solutions to help safeguard against risks that threaten your business success. And our flexible, innovative risk control services identify loss mitigation strategies for existing—and emerging—issues and technologies.

Intact Technology wants to help—before a driver's behaviors lead to a collision. Working with DriverCheck, a leader in the driver monitoring field, we are pleased to offer services that will monitor driving behaviors and provide follow up counseling and training resources to help ensure that drivers are correcting their over-the-road operation errors.

FleetTRAC GPS Monitoring Service

This service comes with full use of the FleetTRAC SmartMapp technology dashboard with management training and customer support, which includes:

- A National Accounts Manager to oversee the effectiveness of the program.
- Seamless integration with other DriverCheck program reports.
- Real time location of vehicles with historical route replay.
- Alerts on driver behavior and vehicles status, which includes harsh braking, fast acceleration, speeding, idling, battery voltage and power loss/ device tampering.
- Posted speed limit analysis.
- Automated maintenance reports based on time intervals, engine hours and/or mileage, as well as engine systems monitoring and reporting when out of factory specifications.
- Geo Fence – configurable alerts when entering or exiting a location.
- GIS map integration.
- Third-party vendor software integration.
- Unlimited users with access from any internet connected device.
- 2 years of data storage.
- Idle and start-stop driving reports among a total of 35 different reports (as chosen by your company).
- Client customization for reports.
- Email/text message event based alert notification.

Additional options (requires additional fee):

- Panic button (emergency notice to management).
- Power Take Off (PTO)/Accentuator monitoring.
- Driver ID sensor for multi-driver vehicles.
- Cable for under dash mounting of OBD connected devices.

- Three-axis accelerometer to detect harsh driving events
- Reads vehicle malfunction codes and transmits data to web application

Reads vital body computer data on OBD, J1708 or J1939

Equipment

FleetTrac330 – hard wired GPS device includes:

- Advanced 4G-LTE technology
- Real-time GPS location reports on movement
- Over-the-air (OTA) programming
- Water, vibration and temperature proof design
- Low power management algorithm
- Store and forward messages to protect against loss of cellular signal

FleetTrac84 – OBD Plug and Play devices includes feature above plus:

- Supports all OBDII enabled vehicles
- Easy plug and play form factor

Pricing

FleetTrac330 - \$73 per device; **FleetTrac84** - \$95 per device purchased (one time cost with a one year warranty on all equipment).

Service - \$19 per month (per device) for industry-standard reporting every two minutes; \$21 for reporting every minute and \$23 for reporting every 30 seconds.

To reduce upfront costs, devices can be purchased through financing for an additional \$4 per month for 24 months for FleetTrac330 or an additional \$6 per month for 24 months for FleetTrac84. Service requires a two-year/24-month contact.

Please note this is the total cost of DriverCheck telematics products and services for Intact Insurance insureds. DriverCheck will waive all setup fees and does not charge hidden fees for additional users, maintenance, etc. with the exception of rare circumstances when customized programming is requested.
